

Preschool to Kindergarten

at St. Vincent de Paul School

preschool is next door to Pre-K!

Preschool

for 3- & 4-year-olds introduces "purposeful play," prewriting activities, learning as a group and builds social, emotional, & fine motor skills

Pre-K

for 4- & 5-year-olds continues "purposeful play" and increases the academic focus to prepare students for kindergarten

Kindergarten is upstairs from Pre-K!

Kindergarten

is a smooth transition from Pre-K as our students are able to stay in the familiar setting of our building with Pre-K & Kindergarten teachers who have been communicating with each other all along
